Webinars on Interoperable Communications

by NAEPC (Posted Fri, 09 Apr 2010 09:34:27 GMT)

Provided by: The National Association of Counties through support by the Department of Homeland Security Office of Emergency Communications

April 13: Interoperable Communications Governance and the SAFECOM Continuum

Provides an introduction to Interoperable Communications for Elected and Senior Leaders. This is helpful for anyone, particularly decision-makers, to understand the big picture and to obtain a good overview of Interoperable Communications today.

April 27: Developing Advanced Governance Structure Including Regional Governance Models

Governance defines how interoperable communications will work by, through, and with agencies within counties and with neighboring cities, towns, other counties, and states. This session will look at expanding governance structures for regional (multi-jurisdiction) applications.

May 18: Model Practices Engaged by Counties and Cities for Interoperable Communications

Hear from counties that have had successes with interoperable communications in various areas: governance, operating procedures, funding, and migrating to using newer digital technologies.

May 25: Grants and Funding for Interoperable Communications

Learn about the funding cycles and availability of support for interoperable communications from the federal and state level. County examples will also be provided on successful funding efforts.

Registration and information: <https://www2.gotomeeting.com/register/636022690>.

PESP Wire - March 2010 Available for Download

by NAEPC (Posted Fri, 09 Apr 2010 09:08:36 GMT)

PESP is a publication of Pestwise (Pesticide Environmental Stewardship Program).

"PestWise summarizes the various voluntary and grant-giving programs that complement the Office of Pesticide Programs' (OPP) regulatory effort. OPP works collaboratively with companies, non-profit organizations, communities, and individuals, addressing a wide variety of pest management issues and risks to human health and the environment.

For additional information about PestWise, please visit: <http://www.epa.gov/pestwise/>

PESPWire - March 2010 is available for download at: <http://www.epa.gov/pestwise/publication...010-03.pdf>

With Diabetes, Higher Air Pollution Risks

by NAEPC (Posted Fri, 09 Apr 2010 10:46:44 GMT)

EPA: April 7th, 2010

New studies by EPA grantees at Harvard suggest that exposure to air pollution makes the cardiovascular risks associated with diabetes even worse.
